St. Joseph Healthcare

In the Spirit of Healing

St. Joseph Inpatient Services

St. Joseph Hospital inpatients stay on one of the following nursing units, and have access to all of our healthcare services including those specifically designed for inpatients.

Inpatient Nursing Units
- Cardiopulmonary Care Unit
- Critical Care Unit
- Surgical/Orthopedic Unit
- Medical/Neuroscience Unit

Case Management
A team of nurses and social workers assess, plan, coordinate and monitor services received by our patients, in an effort to provide an appropriate discharge plan.

Inpatient Physical, Speech and Occupational Therapy
This program offers help for those who are recovering from surgery or suffering from disabling conditions regain mobility, speech and maximize their ability to handle routine daily living and working skills.
