With proper care and support, many people recover from illness and maintain better health in the comfort and security of their home. St. Joseph HomeCare is committed to helping people live independently at home.

In the Spirit of Healing At Home...

Helping You Decide ...

If you are unsure of what is right for you or a loved one, we are ready to assist you. We can help in the initial planning for home care; designing a program suited to your individual need or circumstance. If professional care is required, we will work with your doctor to develop a plan of care appropriate for you and your family. Call us for a free, no obligation consultation.

Many Options for Care...

We offer a full range of home services, from basic nursing and home health aide care to the most advanced therapies. Our services include:

- Skilled Registered Nurse services
- Home Health Aide services
- Hospice Care
- I.V. Therapy
- Nutritional counseling
- Diabetes Education
- Occupational and Physical Therapy
- Respiratory Care
- Social Work
- Speech Therapy
- Chemotherapy

Arranging for Care...

Our office at 900 Broadway in Bangor is open from 8:00 a.m. to 5:00 p.m. weekdays. After hours, a Registered Nurse is always available through our answering service.

Payment for Services...

St. Joseph HomeCare is approved for payment by Medicare, MaineCare, Anthem/Blue Cross and other insurance carriers. We will verify insurance coverage and process claims for any services that are reimbursable.

What makes St. Joseph Hospice special? We respect the patient's and family's individual needs. We are dedicated to preserving the patient's quality of life. We believe it is a privilege to care for those at the end of life's journey.

Caring with Respect, Dignity and Love: St. Joseph Hospice

Our Philosophy...

St. Joseph Hospice is a comprehensive program of care and support for the terminally ill and their loved ones. Our purpose is threefold:

- To provide support and care for the terminally ill so that they may live as fully and comfortably as possible, and die peacefully.
- To enable loved ones to remain accepting and attentive throughout the illness
- To support loved ones throughout bereavement.

Hospice services are available to individuals living at home, in long term care facilities or any other setting the individual considers his/her residence.

Hospice care may be needed if...

- The patient has a terminal illness and is aware of the limited prognosis
- Both patient and family want and accept hospice care
- The attending physician orders the service and continues as a primary physician throughout the illness

St. Joseph Hospice Offers...

- A patient and family centered team approach
- Registered nurses with specialized training in pain and symptom management
- Trained volunteers
- Bereavement support
- Home Health Aide services
- Social Work services
- PT, OT, Speech Therapy services
- All levels of Hospice services

The Caring Team...

The hospice support team is responsive to the distinct physical, emotional and spiritual needs of each patient and family under our care. Primary attention is given to spiritual support and care of the patient and loved ones. The hospice team includes the attending physician, a nurse, a social worker, a spiritual advisor, medical director and specially trained volunteers. A hospice nurse is on call 24 hours a day, seven days a week.
