

We now offer

Virtual Visits

Call your provider to get started.

How to Get Started for your Virtual Visit

What You'll Need

A desktop computer, laptop, Android device or iPad/iPhone with a camera

Compatible browsers:

Firefox, Chrome or Safari

Starting Your Visit

- Click the link your provider sent to you via email to open a browser window.
- Log-in a few minutes before your appointment's start time.
- Enter your name to **Check in**.
- Allow your browser to use your camera and microphone.
- Your provider will start your session shortly.

Call Tips

- Have a good Internet connection
- Restart your device before your visit
- Choose a quiet room and limit noise and distractions

Schedule a virtual visit

Established patients

Phone your provider's office or message your provider via MyChart to request a virtual visit.

New patients
