EVACUATION

- Call **1911** immediately and report the type of incident/emergency.
- Notify Nursing Supervisor.
- Evacuate to designated staging areas.
- Once an area is evacuated, mark unit doors with an “X” using a grease marker.

GENERAL GUIDELINES – During an emergency, initial evacuation of persons in immediate danger must take precedence over all other actions. Initial evacuation routes are posted at Nursing stations. The traditional triage system must be approached differently in an evacuation. *Do the greatest good for the greatest number.*
